

SUSTAINABILITY CERTIFICATE 2025

KULLEN-KOTI GmbH

Made valuable contributions to climate protection and environmental conservation through its collaboration with RVR in 2025.

QUANTITIES

Mixed scrap:	29,88 to.
Steel turnings	6,49 to.
Stainless steel	26,06 to.

This results in a saving of **171,92 to CO₂**.

This is equivalent to 35 car trips around the world (at 120g CO₂/km) or the annual emissions of an entire residential area with 24 households (approx. 7.2t CO₂ per household).
